GLOBAL DATA

Below is the complete set of Fragile States Index data from 2006-2017. You can switch between years of data by selecting the desired year from the drop-down box below. Once you have selected a year, don't forget to click the sort button above the Total column to re-sort the countries based on score for that year.

To learn more about the Indicators, click here.

The data may take several seconds to load. If you have any difficulty in viewing the data, try clicking here, or for mobile users, here.
